

**October 31, 2007
Bellard Racing Report**

Here is the final update for 2007. We attended the all Junior race at Angleton Raceway on October 6. Again our race was threatened by rain all day. We managed some time trials and Brandon won the first 3 rounds going against 7.90 cars. The rain began, flooded the track, and the races were called off. We still managed to leave with \$150 in hand for making the Semi-Finals.

The weekend of October 20-21 we attended the Houston Raceway Park High Velocity Impact race with over 300 big cars competing. We had 10 Junior Dragsters on display for the Saturday and Sunday event.

This past Saturday, October 27, we displayed the Junior Dragster and our Golf Cart at our school Fall Festival. There were over 2,000 people in attendance at this festival; many had never seen a Junior Dragster. Brandon, my wife, Robin, and I fielded questions and explained Jr Drag racing and Rislone products for over 5 ½ hours. Brandon signed autographs, handed out his Hero Cards, and posed for photos with the younger kids. Robin assembled a gift basket with some Rislone products and other goodies that we gave away to one lucky winner. Everyone wanted to sign up to win the Junior Dragster and the Golf Cart. We left the festival and headed north to Pine Valley Raceway in Lufkin for the Halloween Havoc Junior Nationals. We unloaded and headed straight to the staging lanes for Round One eliminations, with the first 3 pairs of cars already making their passes. Brandon left too late and lost first round, we bought back in and he won second round, then was slow off the line in Round 3 and lost. We woke up Sunday and broke an engine on the warm-up stand. A friend loaned us a new motor, Brandon and I quickly changed out the motor, and made the 1st time trial. In the first round of eliminations, he was slow off the line again and gave his opponent the win.

All in all we had a very busy October; we educated many people about Jr. Drags, Rislone, and Liberty Golf Carts! And had some fun along the way!

Thank you for your support!
