## **Bar's Leaks Jr. Drag Racer Spotlight: Morgan & Baili Kleinberg**

*Fourth year team looking to compete on local & regional level*

SIoux CITY, Iowa - In many cases, drag racing can be a family sport, and such is the case with Jr. Drag Racers Morgan and Baili Kleinberg. Supported by their parents Randy and Betsy Kleinberg, the racing sisters plan to compete their Bar's Leaks and Rislone Engine Treatment sponsored Jr. Dragsters both locally and regionally this year.

Morgan, 12, drives the Bar's Leaks Automotive Stop Leak dragster. She is an 8th grader at East Middle School in Sioux City and is active in basketball and track. She also is pursuing her 2nd degree black-belt in Tae Kwon Do.

Baili, 15, drives the Rislone Engine Treatment dragster. She is a sophomore at East High School in Sioux City and is active in show choir, basketball and track. She also will pilot the team's new McGee McPhantom Jr. Comp Dragster in addition to her Jr. Dragster.

The team plans to compete locally at Thunder Valley Dragway in Marion, S.D., and Rolling Thunder Drag Strip in Pacific Junction, Iowa. The team also plans to hit the Division 5 Finals at Rolling Thunder Drag Strip, The Halloween Nationals at Cordova Dragway, and the NHRA Western Conference Finals in Denver.

"I wish everyone could race a Jr. Dragster because it is so much fun," said Morgan. "I also hope to win more races than last year and make it further in the Halloween race than I did last fall."

"I'd really like to win the track championship at Thunder Valley Dragway this year," commented Baili. "I'm also excited about getting to drive my Jr. Comp car and going to Denver for the Western Conference Finals."

"We're ready to go racing," added Randy. "We want to get to the track and see our friends. We would like to thank everyone at Bar's Leaks and Rislone for all the time and effort they put into drag racing, especially the Jr. program. I know Clay [Parks] has many things going on and we appreciate what he does for us."

Clay Parks, VP of Marketing & Development for Bar's Leaks and Rislone, is happy to have the Kleinberg's as a part of their Jr. Drag Racing team.

"This is an amazing family and racing team," stated Parks. "They are great representatives of our Bar's Leaks and Rislone brands. We look forward to being a part of their developing racing careers."

Bar's Leaks line of automotive chemicals is well known, well trusted, and maintaining the product standards you have come to expect in your vehicle maintenance throughout the years. Technologies change, but standards should not. Your vehicle is important and Bar's Leaks has the solution! Whether it's one of our classic products like our Radiator Stop Leak, or one of our newer innovations like Bar's Leaks Head Gasket Repair or Rear Main Seal Repair, Bar's Leaks has you covered. Find out more at [www.BarsLeaks.com](http://www.BarsLeaks.com).

The flagship Rislone product is Rislone Engine Treatment. America's best-selling engine treatment has been enhancing automobile engine performance for more than 85 years. Rislone Engine Treatment reduces friction & wear, quiets noisy lifters & valves, and removes & prevents sludge build-up. New Rislone products include: Rislone Compression Repair with Ring Seal, Rislone Oil Stabilizer with Engine Treatment, Rislone Transmission Stabilizer with Stop Slip and Rislone Power Steering Stabilizer with Stop Leak.
