Collett Disqualified in Post Race Teching. . . .  
CURT MICHAEL RETURNS TO URC WINNING WAYS IN BILL GALLAGHER OWNED SPRINT CAR  
SATURDAY NIGHT AT DELAWARE INTERNATIONAL

Five time defending URC Champion Curt Michael of Ocean View; DE was on a mission Saturday night as Taylor & Messick presented the Rislone URC Sprint Series at the Delaware International Speedway. Michael, driving the Valley Forge INC/Bill Gallagher owner 5g took the win in the twenty-five lap feature event to earn the \$2,000 first prize money.

This is just the second night for Michael in the 5g and without a doubt, he was quite impressive. Michael started tenth in the twenty-five car starting field, taking the lead on lap eleven. Once at the head of the pack, Michael was never challenged as he scored his first win of the new season for URC and his thirty-sixth career win. Randy West finished second followed by Joey Biasi, Brian Seidel and Robbie Stillwaggon.

Justin Collett finished the race in fifth but was dis-qualified in post race teching due to an engine infraction.

A field of thirty-three URC Sprints turned out for the second event of 2008 with heat race victories going to Randy West, Joey Biasi and Mares Stellfox as JJ Grasso was the winner of the Don Ott "B" Main.

In the feature event, Randy West charged from his front row starting position to set the early pace with Joey Biasi and Seidel in the chase. By the second circuit, tenth place starter Curt Michael was already racing in fifth. One lap later, Michael moved into fourth, then on lap four the caution was displayed when Dave Betts came to a stop in turn three.

On the restart, West set the pace with Michael now in second. The battle between West and Michael went back-and-forth with Michael taking the lead on lap seven only to give the top spot back to West before crossing the line.

The second caution of the night was displayed when Davey Sammons spun (but continue to keeping running) on lap ten. However, the caution was thrown as a result of the spin. On the restart, Michael used the outside line to pass West for the final time in this event.

Curt Michael took the lead on lap eleven followed by West, Biasi, Justin Collett and Brian Seidel. The top five remained the same as the field cross the wire at the halfway point of the race. Also on the move were Robbie Stillwaggon, Chris Coyle and Ed Aikin as these three drivers were racing through heavy traffic and now in the top ten.

On lap eighteen, Seidel past Collett for the fourth spot. Chris Coyle, driving the BPG sprinter moved into fourth with just two laps remaining. As the field passed to take the white flag, Kramer Williamson and Mares Stellfox tangled in turn four with Stellfox flipping and coming to stop in the middle of the turn. Both drivers walked away uninjured and with badly damaged sprint cars.

The race resumed with just one to go and Michael bolted when the green flag was displayed. Coyle actually lost two spots on the final lap as Collett and Stillwaggon made a pass in turn two.

Coming down for the checker flag, Michael was all alone followed by Randy West, Joey Biasi, Brian Seidel (Justin Collett crossed the line in fifth but was later disqualified) with Robbie Stillwaggon earning the fifth spot. Making up the top ten were, Chris Coyle, Dave Ely, Kyle Purks, Ed Aikin and Kevin Welsh.

Fred's Trailer Parts Hard Charger Award- - Ed Aikin LikeWise Construction Fast Time of the Night--JJ Grasso Don Ott "B" Main Winner- - JJ Grasso

FEATURE FINISH: Curt Michael, Randy West, Joey Biasi, Brian Seidel, Robbie Stillwaggon, Chris Coyle, Dave Ely, Kyle Purks, Ed Aikin, Kevin Welsh, Joe Zuczek, Mark Bitner, Becca Anderson, Davey Sammons, Jason Clauss, Jamie Bodo, Adam Gordon, Brandon Weibley, Mares Stellfox, Kramer Williamson, JJ Grasso, Scott McClaren, Scott Pursell, Dave Betts.
