

May was a fairly good month for racing I guess. I won my first race of the season at Oahe Speedway and came in 3rd there as well. I raced the track champion in the finals the day I won. We both broke out but I did less, plus I got a better light than him so that gave me the chance to let off at the end. We both dialed a 7.92, I ran a 7.90 and he ran a 7.897!!!! So it was pretty exciting!!

I raced in Pierre a few weekends after that and didn't win but came in 3rd one day. We also went to Douglas, Wyoming on the 31st and 1st....I ended getting second place on Sunday racing for the Jr. Wally's...I was really hoping to add another to my collection this weekend but I'll have to try at Pierre and Sturgis!!
