

Carly Jo Ellingson Race Report – April 2009 Update!

I had my first weekend of races, well first day I guess would be more appropriate. We got rained out Saturday, and had test 'n tunes on Sunday. My first pass with my new 3.75 McGee Terminator motor, I broke my personal record and Oahe Speedway's junior dragster record as well, both ET and MPH... I ran a 7.661 at 85.01 MPH!!! Not only that, but our next pass I ran a 7.68 at about 84 MPH, and that's after we added 12 lbs. and stopped the throttle a bit!! So exciting! The record is at the bottom of Pierre's homepage if you want to check it out for yourself.

oaespeedway.com

My best reaction time was .024, not too shabby! lol
