Denton Press Release – Cars on Display during Nascar Weekend

We just wanted to share the opportunity that we had to have two of our cars on display in the motorsports museum at Bristol Speedway during the Nascar weekend.

Jeff Byrd general manager of Bristol Motor Speedway contacted us asking to have a couple of our cars on display during Nascar race week. The main office building and souvenir store at Bristol Speedway also has a museum area called “The Bristol Experience”. In this area race fans can see cars, articles of racing history about Bristol Speedway and Dragway. Bristol Speedway seats 160,000 spectators and over the week of events thousands of race fans from all over the country make their way thru the speedway museum. We were very happy to have the opportunity to represent the sport of drag racing not only on a sports level but at a youth level as well. This was a great opportunity for Bars Products as well. I was able to get Avery’s car (Rislon products) and Joseph’s car (Bar’s Leaks products) ready for show. The cars looked great and I received a lot of attention. Attached are a few pictures of the cars.
