Joseph Denton Big Day at the ECFs

I just wanted everyone to know that our youngest Bars Leaks racer had a good weekend at the NHRA Eastern Conference Finals last weekend. Joseph is 9 and races with the 8-9 age groups. There were 59 cars in his class and he made it to the semi finals. We have had some problems getting his car to run well this year but everything was running good for this race. Avery our oldest went out the 3rd round and Ben went out the 2nd round. The boys had a good weekend. The local news papers covered everything really well. Joseph and his car were on the front page of the Sunday page and the front page of the sports section. Here are a couple of pictures to share.
