

Ledford Racing Report – May 2009

Jeff went to Norwalk Ohio for the IHRA Points event. He qualified on Friday for the shoot out they were having that evening and won it. The point's event did not happen until Sunday due to weather. He lost first round. That was a bummer. This weekend he heads to Martin Michigan for the points event there. It is a double point's event. On Monday he will be here at Mid Michigan with the kids & I to race.

This weekend Lane finished with a quarter final on Saturday and lost first round on Sunday. We had a few issues with Lane's car on Sunday. It was one of those days on Sunday. Lane had a flat tire on his car in the morning, we locked our car keys in our vehicle and Lane's engine came loose from the car and we had to have help with getting that taken care of. It was just a day.

But, Miss Libby pulled off another win on Sunday and a runner-up on Saturday. Plus she won the Tri City best reaction time during eliminations on Saturday. So she got \$25.00 for that. She had a .001 light and had another on Sunday. She had to split with another girl on Sunday who also got a .001 light on Sunday. So a very good weekend for her!
