Bars Leaks Rear Main Seal Repair

June, 2009 Race Report

June 6th was rained out and we were able to get one weekend in but didn't fair very well. Allison had clutch problems and lost 1st round and Katie red lit in the 1st round.

Both the car shows we were to at got rained out also. We need the rain but I wish it would clear up for the weekends. It's raining right now and has been since Monday.

Till next month, have a great day

Tom McLean
